Special Instructions

Terms and Conditions

General

1. This application together with the Main Deed and the relevant Supplemental Deeds, will govern the legal relationship between the investor and Catalyst Investment Managers ("the manager"). It is the manager's sole discretion to accept or reject the investor's application form.
2. Please note that all documents, notifications of deposit, contributions and investment applications must be received by the manager by or before 11:00 (Namibia), to be transacted at the net asset value price for that day. The cut-off time also applies to redemptions and switch transactions. Where all required documentation is not received before the stated cut off time the manager shall not be obliged to transact at the net asset value price for that day.
3. No interest will accrue to monies awaiting allocation.
4. All redemptions must be submitted in writing and will be executed following receipt and acceptance of such instruction. Please note in the case of redemptions, settlement may take up to 48 hours.
5. Investors wishing to redeem units amounting to more than 5% of the total market value of the relevant unit trust fund portfolio must provide the manager with at least 7 business days' written notice of such redemption. If this notice is not received by the manager, the manager may treat such withdrawal as only having taken place on the 7th business date after such instruction is received. However, where the amount to be redeemed exceeds 10% of the total market value of the portfolio, the parties shall determine the actual date of withdrawal through mutual agreement between them.
6. The net asset value price is calculated using the forward pricing methodology. The net asset value can be defined as the total market value of all assets in the unit portfolio including any income accruals and less any permissible deductions from the portfolio, divided by the number of units in issue.
7. Units will be bought and sold at the net asset value price in accordance with the requirements of the Unit Trust Control Act and the relevant Deeds.
8. The manager may, at its discretion, close portfolios to new investors and existing unit holders including the cessation of debit orders, if applicable.
9. The manager reserves the right to terminate this contract by giving 30 days' notice to the investor. Units shall be repurchased on the 30th day after notification of termination at the ruling price on that day. Any proceeds from the termination shall be paid to the Investor's bank account given in this application form.
10. All material facts must be accurately and properly disclosed, and the accuracy and completeness of all answers, statements or other information provided by or on behalf of the client, are the client's own responsibility.
11. No indulgence granted by the manager shall affect or prejudice the rights of the manager, nor shall it be regarded as a waiver of the manager's rights.
12. The Trustee's details are: Nedbank Namibia Ltd. No. 55 Rehoboth Drive, Ausspannplatz, Nedbank Building, 2nd Floor.

Applicable if Appointing a Financial Advisor / FSP

1. The manager will only accept applications, submitted on behalf of investors, from FSP's who have been granted a licence.
2. The manager will verify the existence of such FSP licence but it is the responsibility of the FSP to ensure he /she acts within the licence conditions.
3. The FSP is responsible for ensuring that the investor receives and understands all appropriate advice, product and fee information including changes in the working practices and procedures of the manager.

Instructions

1. Only signed written instructions (faxed copies included) from the unit holder or the FSP will be acted upon.
2. Units may be ceded or assigned for which a processing cost may be levied.
3. The manager will not proceed with any transaction if there is any doubt as to the validity of any signatures/information or if it deems the instruction to be incomplete in any way and the manager cannot be held liable for any resultant losses as a result thereof.

Reporting

Unit Holder statements will be issued quarterly. Transaction notes are sent on a transaction basis. Additional client statements are available on request from the company.

Fees

1. The manager does charge an *initial fee*.
2. You may negotiate an *initial advisor fee*, subject to the relevant maximums, to be paid to your financial advisor before your first contribution is invested.
3. The *annual management fee* is the fee you pay to the manager for managing the funds.
4. The manager may pay an *annual advisor service fee* to your financial advisor out of the annual management fee of the manager. This is set and taken into account when the price of the fund is calculated (i.e. part of the standard expense of the fund). You cannot negotiate this fee percentage.
5. You may negotiate an *additional annual advisor fee* to be paid to your financial advisor. Units will need to be cancelled to pay your advisor this fee.

Risk Warning

Collective Investment Schemes in Securities (CIS) should be considered as medium to long-term investments. The value may go up as well as down and past performance is not necessarily a guide to future performance. CIS are traded at the ruling price and can engage scrip lending and borrowing up to 10% of the market value of the portfolio to bridge insufficient liquidity. A schedule of fees, charges and maximum commissions is available on request from the manager. Commission and incentives may be paid and if so, would be included in the overall costs. Different classes of units may apply in a portfolio and are subject to different fees and charges. A fund of funds is a portfolio that invests in portfolios of collective investment schemes, which levy their own charges, which could result in a higher fee structure for these portfolios. A Feeder Fund is a portfolio that, apart from assets in liquid form, consists solely of participatory interests in a single portfolio of a collective investment scheme. A unit trust fund may be capped at any time in order for it to be managed in terms of its mandate. Forward pricing is used. Fluctuations or movements in exchange rates may cause the value of any underlying international investments to go up and down. CIS prices are calculated on a net asset basis, which is the total value of all the assets in the portfolio including any income accruals and less any permissible deductions (Brokerage, STT, VAT, Auditor's fees, Bank Charges, Trustee and Custodian fees and the Annual Management fee) from the portfolio divided by the number of participatory interests (units) in issue. The Fund's Total Expense Ratio (TER) reflects the percentage of the average Net Asset Value of the portfolio that was incurred as charges, levies and fees related to the management of the portfolio. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER's. During the phase in period TER's do not include information gathered over a full year. The investor acknowledges the inherent risk associated with the selected investments and that there are no guarantees. The investor furthermore agrees that the company will not be liable for the consequences of market influences and consequent changes in unit prices.
